AH Sold to Hasbro!

Word arrived by e-mail Tuesday 4 Aug that the Avalon Hill Game Company has been sold to Hasbro, which already owns Milton Bradley, Parker Bros, and other game companies. This isn't necessarily bad since they have the marketing clout to get AH games on the shelves at Toys R Us, K Mart, Wal-Mart, etc. What's ominous is that the entire AH staff was fired. What does this mean? I suspect that DIPLOMACY, ACQUIRE, and maybe a dozen other games will survive. The rest will disappear. Support for questions on the game will go. Forget AvalonCon unless the Hasbro has an "iron-clad" contract, or, as was rumored some years ago, we lose sponsor it. The General is history. What this means is the average "Borist" is that parts, rules questions, and many games will no longer be available. Nor is it likely that the AH division will be publishing any new innovative games. If Hasbro gets excessively protective, we will have to quit using their copyrighted maps and images, or pay a royalty.

A report on the perhaps final AvalonCon starts on p.2.

We have three gamestarts this issue. HISTORY OF THE WORLD "Agamenon" under the tutelage of Kevin Wilson is half through Epoch I. "Balkan Wars" already has editors chosen and is ready for the first set of articles. "Bate XII" is perhaps set to go with series signed up. They are Anderson, Rogers, Gardner, Holliday, Trent, Ransie, and Fryling. I need country performance rankings from those. Since some of these worldies may have changed their minds since sign-up, I encourage others to also submit country performance data. Y'all would be the prime standby players.

STANDBY ALERT:

AGE OF RENAISSANCE: Games to "What Inquisition?"

WAGGIE REALM: Free

SETTLERS OF CATAAN: Hasbro's position is "if"

Interested parties should send in orders for each position they are interested in. If the present player again fails to submit orders on time, a random drawing will be held.

AvalonCon Report

Don't know why so many people hesitated on this report, but here it goes...

OK, let's begin with the Plan established 21 Jul when we got Meg's work sheet's let. Since she got out of work at 2000 on the 27th, we'd leave at 2330 and I'd drive the last leg in the dark to around Charlottesville, where she'd take over. I'd get some 2's and some reading in, and I'd bring us into Sterling, VA where we'd link up with Paul & Lisa Saunders (and sons Michael and Gabriel). The Pauls would hop off to the Con Wed morning, and the ladies and kids could do tourist things and use the pool at the Con if they wanted break. When I'd check it out. Come Sunday, the Pauls would return gloriously victorious. Meg and I would leave Mon morning and perhaps say a day or so in Rappahannock VA are winding our merry way back to FNB.

Everything began to unravel when Meg found out that Lisa was leaving Thurs 30th for a sister's wedding on Monday the 27th. Paul couldn't go to the wedding since he was to be TIG to FI Lewis, VA the day of the wedding--so that left him free for AvalonCon. Well, somewhere around 1400 Mon 27 Jul, Meg takes Mr Mac, SugMaP, the Mighty One declares "I don't wanna go". So what's a fellow to do?

I left alone when Tami breathed her last gulp of air for the 16 hr drive to Sterling, VA. No fun at all. Especially that speeding ticket in TN where it was all I could do to keep awake. Anyway, I got there, and there they didn't even leave me at the door...

Sultan Designs!!! Confusion/Treachery within H/H!! Witches Humiliated!

XII

Fall 1982

1998!

MENAS MONCEL: Sultan Al-Hak has resigned, bought the Wisconsin legislature, and retired with his 42 wives and 82 concubines to an unfenced compound on Lake Michigan. He's going to need all 125 of those women to keep him warm come January. His successor, Achmed Al-Hak, has made the correct military moves, but now must await a diplomatic reversal with at least one of the powers leaving him to hope to survive. Washington and his Austrian allies are the obvious target, but "obvious" doesn't always win in this game. England is being totally panicked with the info-overseer, but, hey, he does him, in the face of a Franco-Russo-German coalition who just can't get to him, so who knows their ENIGMA? Russia and Russia need new translators while Italy is in the need of a postmaster.

A'Gon Report (Cont from p 2)

Anyway, we got to the Con to time for the first round. It's here that the campaign *blaz* sets in.

WED: I played the 1st best of RAIL BARON and got 3th where the 4th should've warranted. I did manage to get 17 consecutive "looked out" destinations due to a 2 dot gap between my SP and the rest of my system. That night was the first of my four CIRCUS MAXIMUS (CM) wins. 4th as I recall. A TITAN: THE ARENA (TTA) best by get me 3th. Saunders, on the other hand, won his STANLEY TROOPOL. PREPARE FOR BATTLE (SB: PFB) best and his CM beats to get him in both beats.

THUR: WIZARD'S QUEST. I was the first round, then came in 1st in the 4-player final (good enough for a \$10 certificate). I tried BASEBALL STRATEGY, but my '87 Giants got swept in a 3-game series by the '87 Marlins. CM best tonight got me a third. TTA best got me a third.

FRI: MERCHANT OF VENUS. I think I was 3 of 4 in the qualifying heat. Did a dress of THE HOUSE ON THE HILL (think of it as CHILL: BLACKTHORNE HANCO with 6 vocal beats turned of love and 30+ Masters/Houses and you'll have the idea). Then MONSTERS RAVAGE AMERICA, when I came in 2nd in the heat—but knew I had to buy it since Kyles APB, where I work, is on the map and is a target for the countless to ravage. CM tonight gave me my most spectacular loss: the where was across the line, I was driving a heavy chariot with 4 wheel damage pins, my max speed was 18, there are two pit-out-off heavy iron (up behind) chariots between and the finish line. So I say to myself, "Well, my whip will get you over, and even if the wheel goes, you'll get dragged over for 2nd place". You guessed it, the whip was 3 enough to get over, the wheels snapped, and my 4th "SAP" chariot fell on top of my horses which automatically ended but dragged me through the wreckage and killed me. Came in 2nd in our hand of TTA. Played McF after hours with Saunders and two others. Saunders almost won.

SAT: Was at my board of PREMISES NYANC STAR MARKIES. Almost won my board in the 2nd round. Came in 2nd overall (another \$10 certificate). The Catholic church in the high-rise across the parking lot moved 1.5 miles away. Fourth shot at CM left me dead in the first turn, but since they were using my board, I had to stop. In SLAPSHOT, I made the "playoffs" on my board (last year's champ was actually sitting on my left). After that, at 8:00-5:00 I get into a SETTLESS game. Saunders won the SB: PFB journey for his 2nd "Wood".

SUN: Saunders came in 3th in the CM final. Due to my early morning SETTLERS binge and DUNE discussion with B. GM, I woke up 6 minutes before check-out time with both of gear all over the room. Having returned to Sterling, received the Game Parlor, and dined spontaneously at the local Outback Steak Parlor, we got one last game of MONSTERS RAVAGE AMERICA with one of Saunders' coworkers, cm, and Saunders if came in 2nd again!

MON: Dropped Saunders off at DFW to pick up his rental car for his TOY and drive home alone for 18 hours.
